Thursday April 30th 2026,

Dear parents,

Next week, we will hold our annual STEAM (Science, Technology, Engineering, Arts & Mathematics) week, with different sessions planned on different days for primary and secondary students.

In our primary phase, the theme for the week is “Future Makers.” Each day will also have a different focus, as follows:

- Monday – Maths Marvels/TTRS Battle
- Tuesday – Art & Design
- Wednesday – Technology & Engineering
- Thursday – Science Discovery (Dress as a Scientist Day!)
- Friday – Sharing Showcase within key stages

In our secondary phase, the theme is “Exploring STEAM with AI.” The week will be officially launched during the secondary assembly on Monday. Throughout the week, students will engage in a wide range of STEAM-related activities. These will include break-time activities that students can voluntarily participate in, as well as cross-curricular tasks designed to integrate STEAM concepts across all subjects.

On Thursday 7th May, secondary students will join their primary counterparts in a “Dress Up as a Scientist” day to encourage creativity and enthusiasm among students. The week will conclude on Friday 8th May with a Science Fair. This will feature student-led experiments, do-it-yourself activities, and a variety of interactive STEAM games.

Our STEAM week follows a wider ISP STEAM event which took place last weekend (Saturday April 25th) at Tenby Penang and which a group of our own highly impressive secondary students participated in. I am genuinely proud of Straits International School Rawang students for their contributions to this event, and for the wonderful impression they gave of our school to other ISP Malaysia schools. Thank you also, of course, to Ms. Kanaga for her leadership with this trip.

**Embrace Unity, Innovate Today, Create Tomorrow | Raikan Perpaduan, Inovasikan Hari Ini,
Cipta Masa Depan | 团结一心, 今日创新, 创造明天**

As always, if any parents would like to contact me about any of the points above, or indeed about any other issues, then you are always welcome to do so via the email address below.

Yours sincerely,

Steven Miles.
