Where confidence

grows

Dec. 6th 2024

Dear Parents,

It's hard to believe that we have completed our penultimate week of Term 1! With just three and a half days of school next week, please take note of the following reminders. Next Wednesday, Dec. 11th is public holiday, so there will be no school. Our whole school Christmas assembly will take place next Thursday afternoon, December 12th. Term 1 finishes next Friday, Dec. 13th at 12pm.

In Primary, we have celebrated many successes this week. Today, our EAL team, led by Ms. Asther in Primary, hosted our very first Multilingualism Spelling Bee. It was fantastic to see such confident students take to the stage to spell a huge variety of different words. Our EAL students really are admirable, every day doing an amazing job juggling a variety of languages. Thank you to everyone who attended for your support.

Yesterday was also a huge day of celebration in Primary with our end of term Awards Assembly. There were 12 different award categories, with winners from each year group. I have included photos of our winners in this week's newsletter edition. We are so proud of all of our students, and I know they will continue to go from strength to strength next term.

As if that was not enough excitement for one week, our students have also successfully delivered their Exit Points to their peers. Thank you to Ms. Pearline, and all our teaching staff and parents for continuing to support our students on their IPC journey.

Have a lovely weekend,

Nicola

Wednesday December 11th

What have we been learning this week

RECEPTION

NURSERY

This week in Nursery, we celebrated a fantastic end-of-term! 🎉 In IEYC, children enjoyed their Exit Point by engaging in exciting activities like making fruit salad, solving food puzzles, sorting rainbow foods, and practicing yoga for rest and relaxation. In Math, they wrapped up their topics with hands-on activities and completed their End of Block Checkpoint to demonstrate their progress. Literacy was vibrant as children explored I Can Eat a Rainbow through interactive activities. For Phonics, assessments helped us guide them in segmenting and blending CVC words with confidence. It's been a wonderful term full of fun, discovery, and joyful learning!

In Literacy, we consolidated our learning through fun, hands-on activities inspired by stories and rhymes like Giraffes Can't Dance, Incy Wincy Spider, Jack and the Beanstalk, and I Like Myself. Students engaged in creative reading and writing tasks to reinforce key skills.

In Maths, we wrapped up topics with interactive learning activities and completed our End of Block Checkpoint to showcase their mastery.

For IEYC, our exciting Exit Point saw us visiting different year groups in Early Years, followed by student reflections on their journey. We ended the week by celebrating the students' achievements for the term.

Year 1

This week in Year 1 we have focused on consolidating our learning in English. In IPC students are preparing a celebration for other classes as exit point.

In math students have been learning about number lines to 20, estimating on a number line. Students have also been consolidating their learning preparing for the end of unit assessment.

Year 2

We started the week with our assessments in Arithmetic and Reasoning & Problem-solving, followed with consolidating learning.

In English we focus on our reading comprehension skills at the beginning of the week, and ending the week with learning and reciting a poem titled "I'm not afraid of the dark".

In IPC, we are focusing on festivals around the world that use different light sources as a means of celebration. We will explore in depth at least one festival and showcase our learning to our peers through a shadow puppet play.

Year 3

This week in English, we have been completing one of the most important processes of writing - editing! Then, we published our Myth and Legend stories, focusing on cursive handwriting. Finally, we engaged in some peer feedback.

In Maths, we have been completing our arithmetic and reasoning assessments. A goal remains to become more confident with reasoning questions!

In IPC, we prepared for our Exit Point which we will present to the Year 6s. It is fantastic to reflect on all the new knowledge, skills and understanding we have acquired over the term.

Year 4

Year 4 rounded off their IPC unit on 'Chocolate' with an exit point that involved Year 3 visiting both classrooms to view presentations. We also had the opportunity to visit Year 5, as part of their exit point. Everyone loved the trip to the chocolate museum. It was a great opportunity for the children to review their learning, see artefacts from the Mayan and Aztec Empires, as well as make their own chocolate houses.

The children have continued to practice their times tables, mental maths and rehearse for the Christmas Assembly. See you there!

What have we been learning this week

Year 5

Today we invited Year 4 students to our IPC Exit Point.....

This week Year 5 have also been busy completing their end of term assessments.

Year 6

For IPC this week, Y6 completed their poster on Food pyramid and prepare for Exit Point on Friday. This time, it is Health Fair for Y6. They also completed their Science assessment for IPC. In English, Y6 started learning contemporary poems and it's features. That was fun! For reading, we continue with our book, titled, The Borrowers and we will move on to Chapter 11&12 with comprehension questions and spelling. The reading assessment will also take place this week. For math, they will complete their assessment this week followed by mental math on Friday.

Mandarin

Subject lesson update:

EYFS: About Me (Speaking)

Year 1: (Beg) Revision and Assessment
(Adv) Story of idiom

Year 5: Permainan dan Bersukan (Games & sports)

Year 6: Makanan & minuman (Food & drinks)

Music

This week, EY students concentrated on their preparations for the Christmas performance. Meanwhile, the entire primary section participated in assessments. The skills and knowledge assessed were based on their learning over the past five weeks.

PE

This week in EY, students have explored a variety of fun movement games and simplified equipment-based activities following the completion of their assessments in the Agility, Balance, and Coordination (ABCs) unit.

In KS1, students have collaborated with their classmates through various tagging games after completing their assessments in the IPC Fairy Tale Athletics unit.

In KS2, students will engage in a variety of enjoyable games and activities as a reward and transition after completing their assessments in the Badminton and Fitness units.
