How will this be assessed?			
Art & Design	IGCSE Art Components 1 and 2		
How will this be assessed?			
PE	Individual sports- badminton Healthy living	<p><b>Healthy living</b></p> <p>Students will develop essential life and athletic skills, focusing on <b>teamwork, communication, decision-making, body movement/spatial awareness and health and activity</b>. They will learn to collaborate effectively, support teammates, and maintain positive team dynamics. Strong communication skills will be developed through clear verbal and non-verbal cues. Decision-making will be refined as they assess situations quickly and make strategic choices. Through movement and spatial awareness, students will enhance coordination, positioning, and control in various sports settings. Positive behaviour will be emphasized, encouraging respect, responsibility, and leadership. Additionally,</p>	<p><b>Healthy living</b></p> <p>Excellence in this sports unit is demonstrated through <b>proactive teamwork</b>, where students collaborate effectively, support one another, and contribute to a positive team environment. <b>Communication</b> is clear, precise, and includes both verbal and non-verbal cues to enhance coordination. <b>Decision-making</b> is quick and strategic, showing strong situational awareness and adaptability in gameplay. <b>Body movement and spatial awareness</b> are evident through efficient, well-coordinated movement and a keen understanding of positioning. <b>Behaviour</b> reflects respect, responsibility, and a positive influence on peers. Finally, students design and engage in <b>health-focused activities</b>, promoting an active lifestyle while inspiring others to stay fit and enjoy physical activity.</p> <p><b>Badminton (doubles)</b></p>

	<p>they will plan and engage in activities that promote health, well-being, and lifelong fitness.</p> <p><b>Badminton (doubles)</b></p> <p>Students will develop advanced skills specific to doubles play, including quick and coordinated <b>movement and footwork</b> to cover the court efficiently with a partner. They will learn to apply <b>strategies and shuttle placement</b> to outmaneuver opponents and maintain tactical advantage. <b>Serving</b> will focus on accuracy, variation, and setting up the rally. They will also practice a wide <b>variety of shots</b>, such as drops, smashes, clears, and net play, to adapt to different game situations. Importantly, students will gain a solid <b>understanding of doubles rules and rotation</b>, ensuring effective teamwork, positioning, and fair play.</p>	<p><b>Excellence in Badminton Doubles</b> is demonstrated by students who move quickly and efficiently around the court with excellent footwork and strong coordination with their partner. They consistently apply smart strategies, placing the shuttle accurately to pressure opponents and control the rally. Serves are precise, well-timed, and tactically used to gain an advantage. A wide range of shots is used confidently and effectively, with the right selection for each situation. Students also show a clear understanding of doubles rules and rotation, maintaining proper positioning, communicating well with their partner, and contributing to a smooth, competitive match.</p>
<p>How will this be assessed?</p>	<p>individual sports- badminton match, healthy living- fun activities</p>
