## Our Vision

To be recognised as a leading provider of education that balances academics with holistic human development, rooted in a caring and community-centric environment.

## Our Mission

To balance the individual and the collective in everything we do - providing personalised education suited to the needs of each student while emphasising the importance of collaboration and shared growth.

In doing so, to nurture compassionate, well-balanced young adults with the hard and soft skills necessary to succeed wherever life takes them.

# NEWSLETTER

Dear Secondary Parents,

Our final Major Assessments are currently underway for Year 7 to Year 10, and the school is alive with purpose. Students are showcasing their progress and applying everything they've learned throughout the year. From focused revision sessions to silent study groups, the energy in the halls is electric – and the excitement is contagious.

At this important moment in the year, I'd like to take a moment to reflect on how we, as parents and guardians, can continue to support our children through the examination period. One of the best things we can do at home is provide a quiet and distraction-free space for revision. This means limiting background noise, encouraging breaks from screens and devices, and showing that we value their need to concentrate. A calm environment can help students feel more confident and more prepared. This is a time when students can feel pressure – from themselves as much as from anyone else. A kind word, a reminder of how far they've come, and regular check-ins go a long way. Praise the effort, not just the outcome.

While the Major Assessments are a milestone, they are not the final destination. At Straits, learning continues right through to the end of the school year. Our teachers are committed to maintaining rich, engaging lessons that build on what students have achieved. Whether through project work, collaborative tasks, or deeper dives into subject areas, there is still much more learning to come. We ask that all students continue attending school fully and consistently until the end of term.

If you have any concerns or questions about your child's progress or wellbeing, please don't hesitate to reach out. Our teachers are always happy to discuss how things are going and how we can work together to support each learner. Staff contact details are, as always, included at the end of this newsletter.

Let's continue working together to make these final weeks of term positive, purposeful, and full of pride in all that our students have achieved this year.

Yours sincerely,  
Simon Mitchell

## **iSAMS Information update**

Dear Parents/Guardians,

We hope this letter finds you well. As part of our ongoing efforts to maintain accurate records, we kindly ask you to update your contact details in our iSAMS system. To streamline this process, you may complete a single form for all your children enrolled at our school.

In addition to updating your contact details, we require a copy of the account payer's Tax Identification Number (TIN) and IC or Passport number for our records and invoicing.

To submit this information, please complete the form linked below:

[iSAMS Contact Information Update Form](#)

If you prefer not to share this information via Microsoft Forms, you are welcome to visit our Admissions Department, where our team will assist you with updating your details in person.

We appreciate your cooperation in ensuring our records remain accurate and up to date. Should you have any questions, please do not hesitate to contact our Admissions Department at [admissions@rawangsisgroup.edu.my](mailto:admissions@rawangsisgroup.edu.my)

Yours faithfully,

# THE STRAITS FUTURE FIVE

## Visionary

A Straits Visionary takes initiative with integrity and leads by example. They show confidence in themselves and care for others, using their actions to promote wellbeing across the community. They actively reflect on their own growth and strive to become better learners, showing resilience, self-awareness, and purpose in all that they do.

## Intellectual

A Straits Intellectual is driven by curiosity. They explore ideas creatively and approach challenges with critical thinking. Intellectuals seek new knowledge, question assumptions, and use their imagination and logic to solve problems. They are thoughtful learners who value the process of discovery and reflection.

## Connector

A Straits Connector builds positive relationships through empathy, effective communication, and collaboration. They listen actively, speak clearly, and respect different perspectives. Connectors work well in teams, contribute meaningfully to group goals, and support the emotional wellbeing of others by helping everyone feel seen and heard.

## Netizen

A Straits Netizen uses technology thoughtfully and responsibly. They understand how to stay safe online, show digital respect for others, and protect their own and others' privacy. Netizens demonstrate strong digital literacy, using tools to create, communicate, and innovate in meaningful ways while maintaining high standards of online behaviour.

## Global Citizen

A Straits Global Citizen is open-minded and respectful of all people, cultures, and perspectives. They take meaningful action in response to local and global issues, promote sustainability, and show care for the environment. Global Citizens understand their role in the wider world and actively engage in learning that builds intercultural understanding and social responsibility.

# WAYS TO STRENGTHEN YOUR CHILD'S RESILIENCE

This prepares your child to handle stress, bounce back from setback and face challenges with confidence

## **PRACTICE POSITIVE SELF-TALK**

01

Mistakes are a part of learning. Encourage your child to speak kindly to themselves e.g. "I cannot do this" → "I will give it my best shot"

## **DEVELOP PROBLEM-SOLVING SKILLS**

02

Gently guide your child to think through their next steps or options, instead of fixing it for them. Even if things do not go as planned, it's valuable practice and helps them learn from the experience.

## **SET REALISTIC GOALS**

03

Choose targets that are achievable, specific and manageable within a given timeframe. When setting goals, take your child's age, current capabilities and capacities into account.

## **BUILD A SUPPORT SYSTEM**

04

Having family/friends/mentors who are kind, honest and encouraging makes tough times easier to handle.

## Multilingualism Matters Newsletter - Week of June 20, 2025

Theme: Daily Conversation Starters – Mealtime Moments That Build Language!

Dear Parents and Guardians,

This week, we are excited to focus on a simple but powerful way to build language skills at home – through daily conversations around the dinner table. Talking about everyday experiences in both your home language and in English helps your child connect meaning, build vocabulary, and express ideas with confidence.

Whether your child is just beginning to learn English or is already multilingual, dinner conversations offer natural, low-pressure moments to practice speaking, listening, and thinking in multiple languages.

 This Week's Focus: Daily Conversation Starters

Here are some easy questions you can ask at dinner – first in your home language, then repeat or discuss them again in English. This supports translanguaging – using your full language repertoire to make learning more meaningful.

Home Language	English
今日学校怎么样? (Chinese)	How was school today?
Apa yang paling seronok hari ini? (Malay)	What was the best part of your day?
今日食咗啲咩? (Cantonese)	What did you eat at school today?
오늘 뭐 배웠어요? (Korean)	What did you learn today?
இன்று எது சிரிப்பைத் தந்தது? (Tamil)	What made you laugh today?

#### Try asking:

- “Can you say that again in English?”
- “What would you say if you were telling your teacher/friend?”

#### Why It Matters

- ✓ Strengthens family bonds
- ✓ Reinforces classroom learning
- ✓ Builds confidence using English and your home language
- ✓ Helps children develop ideas in one language and express them in another

#### Tips for Families

- Use a calm, encouraging tone – it’s okay if your child mixes languages.
- Model answers yourself – “I enjoyed my lunch today because...”
- Praise effort: “Great job explaining that in both languages!”

#### Share With Us!

We’d love to see how you’re using dinner conversations at home! Send a photo or a short note to your child’s class teacher or the EAL team.

Thank you for supporting your child’s language journey – every conversation counts!

Colgate-Palmolive, the global leader in oral care, built a new state-of-the-art 250,000 square foot dental cream facility in Morristown, Tennessee USA. The manufacturing facility, which employs more than 220 people, frequently lists technician vacancies on its website.

(Source: <http://www.theaustin.com/case-study/colgate-palmolive-toothpaste-manufacturing-facility>)

h) With reference to the data above and your knowledge of economics, assess the impact of the division of labour at Colgate-Palmolive. (9 marks)

The advantages of division of labour to Colgate is that the workers would ~~decrease cost~~ <sup>decrease cost</sup> as they kept doing the same job again and again therefore ~~increasing~~ decreasing cost as the workers do less mistakes as they get used to their role. For example, someone who's in charge of sticking the label sticker on the ~~top~~ toothpaste. At first they waste a lot of stickers because they make mistakes. However, after a month, they stop making mistakes and become more efficient, lowering cost for stickers. <sup>A02</sup>

Another advantages is that they become more skilled. As the workers become more skilled, less money ~~are~~ would be spent on training. <sup>A03</sup> For example, ~~when~~ Colgate ~~not~~ have a worker who specialise in marketing. Because the worker do marketing everyday, they understand more and get used to it, so Colgate don't need to spend money on training them, ~~plus the~~ therefore increasing efficiency and decreasing cost. <sup>A02</sup>

The Disadvantages of Division of labour is the lack of flexibility. <sup>A04</sup> Because Colgate ~~has~~ ~~to~~ ~~vacant~~ & vacant spot for <sup>designers to</sup> designing the packaging. If there is no division of labour, Colgate can assign someone ~~for~~ from sticking sticker to design the packaging when they are free. <sup>A02</sup> Therefore reducing vacancies spot and increasing profit as they don't need to pay more workers.

The other disadvantage is ~~market~~ decreasing profit as they need to advertise the vacancies. ~~instead~~ When there is a vacancy for the designer, instead of letting other workers cover for it, they ~~are~~ advertise the vacancy therefore increasing cost. A04

In conclusion, I think division of labour has more advantages than disadvantages since Colgate is a big company and can benefit from economies of scale, so price ~~does~~ not ~~matter~~ a big problem for them. Additionally, Colgate might want ~~prof~~ professionals to do the job instead of cover workers to increase efficiency. A04

“Small acts, when multiplied by millions of people, can transform the world”

## Are you on the Green team?

Whenever you walk into the class or the hallways, you see all these familiar green posters with the phrase, “Are you on the Green team?” What is this? Who put this here? What does this mean?

Well, for those who don’t know, the school and the ESG committee have created a survey with the QR code attached to the green poster across the whole school. The survey aims to collect how many of us as a member of the community are contributing to not only the principles of ESG, but to save the environment, even if it is the most minor action like turning off the light before leaving the classroom.

You can use your iPad or a mobile phone to scan the QR code, fill in the survey and post photos of you saving the environment!

If you scan the QR code and fill in the details, you may even be awarded with a ‘I’m On The Green Team’ badge, assuming that you can prove that you really are helping us to meet our sustainability goals.

Moreover, the ESG committee has also devised a plan, encouraging all students to participate in our gardening activity. Our school is the perfect place to decorate with plants and an innovative way to show how we could reuse waste. A box will be placed around the school and students must clean and dry their seeds from fruits etc. and put them into the box. Using these seeds, cans or plastic bottles collected from the canteen will be used as flower pots.

Together as a community, we can save the earth and the environment.

Don’t forget to fill in the survey.

# International Summer & University Exploration Opportunities for ISP Families

**iSP** International  
Schools  
Partnership

In partnership with

# We are thrilled to announce a new range of international learning opportunities for ISP families, available this summer.

These programmes are delivered either by our trusted ISP schools or through our exclusive partnership with EC Young Learners—a globally recognised leader in educational summer programmes. With a heritage dating back to 1905 and over 45 years of experience running award-winning summer schools for under-18s, EC is the ideal partner to help ISP continue expanding meaningful global experiences for our students. **Discover four exciting opportunities launching in summer 2025—all designed with safeguarding, student wellbeing, personal development, and fun at their core.**

## Claremont Summer School – Learn, Grow & Explore in the English Countryside

Hosted by one of our trusted ISP schools, **Claremont Summer School offers** a rich educational, cultural, and social experience in the heart of the English countryside. With a strong focus on **Active English learning**, life skills, and hands-on discovery, students can fully tailor their programme through afternoon electives like martial arts, filmmaking, music, street dance, fencing, and more.

It's a safe, supportive residential experience designed to build language, confidence, and global friendships with students from around the world.
