SECONDARY

NEWSLETTER

30 May 2025

Prepared in:
Bahasa Audio
Chinese Audio

Our Vision

To be recognised as a leading provider of education that balances academics with holistic human development, rooted in a caring and community-centric environment.

Our Mission

To balance the individual and the collective in everything we do - providing personalised education suited to the needs of each student while emphasising the importance of collaboration and shared growth.

In doing so, to nurture compassionate, well-balanced young adults with the hard and soft skills necessary to succeed wherever life takes them.

NEWSLETTER

Dear Secondary Parents,

As we close another half term here at Straits, I want to wish everyone a restful break, and know that our community will come together to do great things again next term 3.2. We have finished off strong with our STEAM Week celebrations – with an amazing STEAM Week assembly run by our students this morning. Thank you to Ms Pria and the MSI faculty for putting together such a wonderful week of learning for our students. We have seen drones flying around the field, candles being created, more slime than I'd like to deal with, as well as happy and curious learners with a real passion for Science and innovation. Our students truly are getting better both in and out of the classroom.

Additionally and following Mr Steven's Campus Principal letter, we are proud to introduce our new school motto – Embrace Unity, Innovate Today, Create Tomorrow – alongside the set of guiding life competencies we are calling the Straits Future Five. These five attributes – Visionary, Intellectual, Connector, Netizen, and Global Citizen – reflect the kind of learners and leaders we are working to develop at Straits. Please do see the Graphic in the newsletter for our definitions of each! You will begin to see the Future Five referenced more often in learning experiences, assemblies, student leadership opportunities, and academic reporting, as we continue to embed them into all aspects of school life. We are excited to see how our students grow into these roles, not only during their time with us in school, but also in the way they engage with the world beyond the classroom.

To help bring these competencies to life, we are inviting our entire school community to take part in a special design challenge. We're looking for original logos that represent each of the five attributes – as well as one combined logo that captures the spirit of the full set. These designs will be used on posters, certificates, and displays across the school, and we're hoping they will reflect the creativity and diversity of our community. This opportunity is open to students, parents, and staff alike. All designs must be original artwork (not generated by AI or online tools) and can be submitted to your child's form tutors either digitally or on paper. The deadline for entries is Friday 13th June 2025. We can't wait to see what you create.

Looking ahead, Term 3.2 will be a short but busy half term, with our final examinations for both Key Stage 3 and Key Stage 4, the talent show, and the last of our IGCSE papers taking place. I have no doubt that our students will rise to the occasion with the same drive and maturity they have shown all year – stepping forward as visionaries, as connectors, and as

NEWSLETTER

responsible global citizens. In addition to these final examinations, all students will also be sitting the GL Progress Tests in English and Mathematics. These will be scheduled to run alongside the final exam timetable, and will provide valuable insights for both this year's learning and our planning for the year ahead.

Finally, another reminder that if your child needs to leave school early, please email their form teacher in advance with the reason and expected pick-up time. Students will remain in class, continuing with their learning, until you arrive. On arrival, please go to reception to sign them out. This process helps us ensure the safety and wellbeing of all students. If you have any questions about this process, please don't hesitate to get in touch.

As always, please feel free to reach out to me or any of our teachers if you would like to discuss your child's learning journey. Staff email addresses are included at the end of the newsletter, as usual.

Yours sincerely,

Simon Mitchell
Head of Secondary
S.mitchell@rawangsisgroup.edu.my

iSAMS Information update

Dear Parents/Guardians,

We hope this letter finds you well. As part of our ongoing efforts to maintain accurate records, we kindly ask you to update your contact details in our iSAMS system. To streamline this process, you may complete a single form for all your children enrolled at our school.

In addition to updating your contact details, we require a copy of the account payer's Tax Identification Number (TIN) and IC or Passport number for our records and invoicing.

To submit this information, please complete the form linked below:

[iSAMS Contact Information Update Form](#)

If you prefer not to share this information via Microsoft Forms, you are welcome to visit our Admissions Department, where our team will assist you with updating your details in person.

We appreciate your cooperation in ensuring our records remain accurate and up to date. Should you have any questions, please do not hesitate to contact our Admissions Department at admissions@rawangsisgroup.edu.my

Yours faithfully,

Simon Mitchell
Head of Secondary
S.mitchell@rawangsisgroup.edu.my

PARENTAL SUBJECT UPDATES

ENGLISH

Year Group	What was covered this week in secondary lessons
Y7	English 1 - Students explored STEAM week by writing a persuasive speech in the voice of a character from Romeo and Juliet. Students explored both green energy options as well as persuasive techniques.
	English 2 - Students created a prototype of a product which eases their everyday life's problems using recycled materials.
Y8	English 1 - Students explored STEAM week through their creative endeavours! Students completed a dual voice poem where they used AMSND as inspiration to explore the differences and similarities of Technology and Nature.
	English 2 - Students designed an earthquake-resistant structure using recycled materials.
Y9	English 1 - This week, students practised their speaking and listening skills by sharing speeches. They have continued reading 'Animal Farm', discussing the historical context and the characters. We also completed a STEAM week activity.
	English 2 - Students created an online magazine that researches on AI and the future of work.

PARENTAL SUBJECT UPDATES

ENGLISH

Y10	<p>First Language English - This weeks, students have used the novel 'Life of Pi' as inspiration and a basis for practising their language skills, including comprehension, composition, directed writing and analysis. We also completed a STEAM week activity.</p>
	<p>English as a Second Language - Students amazingly created a self-propelled vehicle collaboratively using recycled items specifically a rubber band.</p>
	<p>English Literature - This week, we finished reading 'A Midsummer Night's Dream'. Students developed their personal response skills by sharing presentations, giving their views on various aspects of the play.</p>
Y11	<p>First Language English - IGCSE exams continuing</p>
	<p>English as a Second Language - Students work on post-exam activities i.e. writing resumes and applying university forms</p>
	<p>English 2 - Students explained the cause and effect of global warming and climate change.</p>

PARENTAL SUBJECT UPDATES

MATHEMATICS

Year Group	What was covered this week in secondary lessons
Y7	Students learned on sharing the ratios and worked on STEAM week project.
Y8	Students learned on sharing the ratios and worked on STEAM week project.
Y9	Students learned about map scales and worked on STEAM week project.
Y10	Students learned on direct and inverse proportion and worked on STEAM week project.
Y11	IGCSE examinations.
Y10 Add Math	Students learned about trigonometric graphs and worked on STEAM week project.
Y11 Add Math	IGCSE examinations.

PARENTAL SUBJECT UPDATES

SCIENCE

Year Group	What was covered this week in secondary lessons
Y7	Students learned about the water cycle, completed related questions, and participated in a STEAM Week activity.
Y8	Students learned about the reactivity series, explored the reactions of metals with acids and water, and took part in a STEAM Week activity.
Y9	Students learned on how temperature affects pressure in solid, liquid and gas.
Y10	Combined Science - Students learned to draw human digestive system and its function.
	Physics - Students learned about radioactive sources and radioactive decay.
	Biology - Students discussed the defence mechanism of lymphocytes and how vaccine works while preventing the spreading of diseases.
	Chemistry - Students researched the effect of concentration & pressure on the rates of reaction.

PARENTAL SUBJECT UPDATES

SCIENCE

Year Group	What was covered this week in secondary lessons
Y11	Combined Science - Students choose a topic that they find challenging and worked on paper 2 past year questions from that topic.
	Physics - Students choose a topic that they find challenging and worked on paper 2 past year questions from that topic.
	Biology - Paper 2 Past Paper discussion continues.
	Chemistry - Paper 2 Past Paper discussion continues.

PARENTAL SUBJECT UPDATES

HUMANITIES

Year Group	What was covered this week in secondary lessons
Y7	Enterprise - Students explored the different Leadership Styles and enjoyed the STEAM Week Activity on Eco-Challenge: Design a Sustainable Solution.
	History - Students participated in an activity to design a sustainable house inspired by Ancient China, India, or Rome by creating a blueprint and constructing the model using recycled materials.
Y8	Enterprise - Students explored the concept of Trade Credit and enjoyed the STEAM Week Activity on Green Investment Challenge.
	History - STEAM Week - Students designed plague kit on Canva
Y9	Enterprise - Students explored the Barriers to Effective Communication and enjoyed the STEAM Week Activity on Sustainability Communicator .
	History - STEAM Week - Students learned about steam engine and the industrial revolution in England.

PARENTAL SUBJECT UPDATES

HUMANITIES

Y10	Business Studies - Students learnt about the purpose, methods and use of Market Research and practised some past-year questions.
	Economics - Students learnt about the causes and impacts of Inflation and practised some past-year questions.
	Travel and Tourism - This week, students explored how organisations can successfully deliver customer service to different types of tourists. They answered some case study questions about the applications of technology in delivering customer service.
	History - Students learned about atomic bombs and the Manhattan Project.
	Global Perspectives - Students had a climate change discourse
Y11	Business Studies - IGCSE
	Economics - IGCSE
	Travel and Tourism - IGCSE exams continuing
	History - Post IGCSE
	Global Perspectives - Post IGCSE

PARENTAL SUBJECT UPDATES

ICT

Year Group	What was covered this week in secondary lessons
Y7	In conjunction with STEAM Week, students created an interactive recycling sorting game
Y8	In conjunction with STEAM Week, students created Sustainable green city using python turtle graphics
Y9	In conjunction with STEAM Week, students learned emerging technologies and how to operate a drone
Y10	In conjunction with STEAM Week, students created green sustainability daily activity tracker
Y11	IGCSE examination.

PARENTAL SUBJECT UPDATES

MUSIC

Year Group	What was covered this week in secondary lessons
Y7	The Year 7 students participated in the STEAM Week activity by learning hand signs to accompany the song 《地球是我们的家》.
Y8	The Year 8 students took part in the STEAM Week activity by learning the song "Earth" to raise awareness about protecting the planet.
Y9	The Year 9 students engaged in learning "Earth Song" as part of the STEAM Week activity to promote environmental awareness.
Y10	The Year 10 students participated in the STEAM Week activity by creating a poem to accompany the song and reflect on its message – "Earth Is Very Dangerous" by Leo Lu.
Y11	-

PARENTAL SUBJECT UPDATES

ART

Year Group	What was covered this week in secondary lessons
Y7	This week was STEAM Week, and students created poster designs to raise awareness about environmental issues. Their work reflected creativity, critical thinking, and a strong sense of responsibility towards protecting our planet.
Y8	This week was STEAM Week, and students created poster designs to raise awareness about environmental issues. Their work reflected creativity, critical thinking, and a strong sense of responsibility towards protecting our planet.
Y9	This week was STEAM Week, and students created poster designs to raise awareness about environmental issues. Their work reflected creativity, critical thinking, and a strong sense of responsibility towards protecting our planet.
Y10	This week was STEAM Week, and students created poster designs to raise awareness about environmental issues. Their work reflected creativity, critical thinking, and a strong sense of responsibility towards protecting our planet.
Y11	Students have completed both Component 1 and Component 2 and submitted their work to Cambridge. Wishing them the best of luck!

PARENTAL SUBJECT UPDATES

MANDARIN

Year Group	What was covered this week in secondary lessons
Y7	Intermediate - This week, Year 7 Intermediate Mandarin students started a new topic on Daily Routine and learned new vocabulary related to daily activities.
	Advanced - Read and completed comprehension work on the text 《中国人的饮食文化》.
Y8	Intermediate - This week, students learned vocabulary for rooms and furniture, described their homes using sentence patterns, practiced speaking about house layouts, and wrote short paragraphs about their living spaces.
	Advanced - This week, Year 8 Advanced Mandarin students created a mind map on the greenhouse effect, wrote an essay on the topic, and completed a listening test.
Y9	Intermediate - This week, students learned directional phrases, practiced asking for and giving directions, role-played real-life scenarios, and wrote dialogues describing how to get to different places in town.
	Advanced - Students completed the comprehension of 《“外卖热”带来的环保问题》 and discussed the topic of 《外卖热，是便捷生活的福音还是健康与环境的隐忧》.

PARENTAL SUBJECT UPDATES

MANDARIN

Year Group	What was covered this week in secondary lessons
Y10	Foreign Language - Students have learned about the topic of transportation
	Second Language - Student completed and discussed the topic of 互联网.
	First Language - This week, Year 10 First Language Chinese students wrote an essay on the topic 《追星并不只是一种娱乐，你同意吗？》 and discussed the relationship between AI and humans.
Y11	Foreign Language - IGCSE Exam
	Second Language - IGCSE Exam
	First Language - IGCSE Exam

PARENTAL SUBJECT UPDATES

BAHASA

Year Group	What was covered this week in secondary lessons
Y7	Year 7 students integrated the STEAM Week theme into their Bahasa Melayu lesson by performing role plays and solving a crossword puzzle focused on the importance of saving the Earth.
Y8	As part of STEAM Week, Year 8 students performed role plays and comprehended a text about water conservation, while critically analysing the importance of water in daily life through the lens of sustainability and innovation.
Y9	As part of STEAM Week, Year 9 students created short compositions on Ciptaan untuk Masa Depan using Canva, blending writing skills with design and technology.
Y10	In line with STEAM Week, Year 10 students composed creative Pantun on the theme of Teknologi dan Inovasi, showcasing language and imaginative thinking.
Y11	IGCSE exam

PARENTAL SUBJECT UPDATES

PHYSICAL EDUCATION

Year Group	What was covered this week in secondary lessons
Y7	Students played a fun football, volleyball or badminton match
Y8	Students played a fun football, volleyball or badminton match
Y9	Students played a fun football, volleyball or badminton match
Y10 & Y11	Individual sport students practiced their singles gameplay in badminton, healthy living students planned and conducted their fun activities related to STEAM.

PARENTAL SUBJECT UPDATES

EAL (ENGLISH AS AN ADDITIONAL LANGUAGE)

Year Group	What was covered this week in secondary lessons
Y7	N/A
Y8	Students are learning the techniques and key elements of narrative writing through a step-by-step guided approach to help them develop structured and engaging stories.
Y9	Students are learning the techniques and key elements of narrative writing through a step-by-step guided approach to help them develop structured and engaging stories.
Y10	Students write a descriptive essay outlining effective study tips for each subject, based on the information gathered from their poster project.
Y11	Students have learned how to write a resume and understand what key information should be included, such as personal details, education, skills, and work experience.

THE STRAITS FUTURE FIVE

iSP International
Schools
Partnership

Visionary

A Straits Visionary takes initiative with integrity and leads by example. They show confidence in themselves and care for others, using their actions to promote wellbeing across the community. They actively reflect on their own growth and strive to become better learners, showing resilience, self-awareness, and purpose in all that they do.

Intellectual

A Straits Intellectual is driven by curiosity. They explore ideas creatively and approach challenges with critical thinking. Intellectuals seek new knowledge, question assumptions, and use their imagination and logic to solve problems. They are thoughtful learners who value the process of discovery and reflection.

Connector

A Straits Connector builds positive relationships through empathy, effective communication, and collaboration. They listen actively, speak clearly, and respect different perspectives. Connectors work well in teams, contribute meaningfully to group goals, and support the emotional wellbeing of others by helping everyone feel seen and heard.

Netizen

A Straits Netizen uses technology thoughtfully and responsibly. They understand how to stay safe online, show digital respect for others, and protect their own and others' privacy. Netizens demonstrate strong digital literacy, using tools to create, communicate, and innovate in meaningful ways while maintaining high standards of online behaviour.

Global Citizen

A Straits Global Citizen is open-minded and respectful of all people, cultures, and perspectives. They take meaningful action in response to local and global issues, promote sustainability, and show care for the environment. Global Citizens understand their role in the wider world and actively engage in learning that builds intercultural understanding and social responsibility.

HOW TO EMOTIONALLY SUPPORT YOUR CHILD

PREPARED BY: TAPISHA KAUR, WHOLE SCHOOL COUNSELLOR

LISTEN WITHOUT FIXING

Sometimes your child just needs to feel heard.

Try: *"That sounds really tough. Want to talk more about it?"*

VALIDATE THEIR FEELINGS

Even if you don't agree or understand, their emotions are real to them.

Say: *"I can see that really upset you. It's okay to feel that way."*

Show them it's okay to feel, by how you cope. Talking it out, taking breaks or journalling teaches kids that emotions are manageable.

MODEL HEALTHY COPING SKILLS

CREATE A SAFE SPACE AT HOME

If conflict/tension happens, try to repair, reconnect and remind your child that your love is steady, even when you disagree.

Say: *"I'm sorry things got tense earlier. I love you, and I'm here when you're ready to talk."* It's not about avoiding tough moments, it's about showing your child that when things go wrong, you're still on their team.

Dear Families,

At Straits International school, we celebrate and support the development of all languages spoken by our students. One simple yet powerful way to nurture language skills at home is through reading books in two languages. Whether you use dual-language books (books with two languages side by side) or read the same story in two separate versions, this practice helps strengthen vocabulary, comprehension, and cultural connection.

Here are some tips and ideas to make the most of reading in two languages:

Why Read in Two Languages?

- **Boost Understanding:** Reading a familiar story in your home language first can help your child better understand the English version later.
- **Build Vocabulary:** Seeing or hearing the same words in two languages helps your child connect new vocabulary to words they already know.
- **Celebrate Identity:** Sharing stories in your family's language helps children feel proud of who they are and where they come from.
- **Strengthen Family Bonds:** Reading in your home language can involve grandparents and other family members in your child's learning journey.

Tips for Using Dual-Language Books

- **Take Turns Reading:** One page in English, one in your home language – switch readers to make it interactive.
- **Talk About the Story:** Pause to ask questions in your preferred language. For example: "What do you think will happen next?"
- **Match Vocabulary:** Point out key words in both languages – this builds connections between the two.
- **Use Expression:** Read with feeling! This helps make meaning clear, even when the language is new.
- **Let the Child Lead:** Follow their interest. If they prefer reading more in one language, that's okay too.

Where to Find Dual-Language Books

- Use free online platforms like [Unite for Literacy](#) or [Global Storybooks](#).
- Local libraries or online bookstores often stock dual-language titles.

Don't Have Dual-Language Books? Try This!

1. Find the Story in Two Versions: Read one version in your home language, and then the English version (or vice versa).
2. Retell the Story Together: After reading in one language, encourage your child to retell it in the other language.
3. Make Your Own Dual-Language Book: Fold a few sheets of paper, write a sentence in one language on each page, and let your child help with the translation and pictures.

Parent Tip of the Week

“It’s not about translating every word – it’s about enjoying the story and supporting meaning in both languages.”

ILOS FILM MAKERS NEWSLETTER

Award Ceremony Update & Celebration of Our Talented Students

Dear ILOS Community,

We are proud to share an exciting update on the recent film award ceremony where our talented ILOS Filmmakers team represented us with creativity, dedication, and true cinematic spirit.

While we did not take home any awards this time, our students had a remarkable opportunity to shine in various aspects of the filmmaking process – from scripting and acting to directing, editing, and production. Their hard work and collaboration were evident on screen, and their growth throughout the project has been truly inspiring.

 **COMING SOON:** The official link to watch the full movie will be shared shortly. Stay tuned and get ready to enjoy the incredible work of our young filmmakers!

We would like to extend our heartfelt thanks to all the parents, teachers, and supporters who encouraged and uplifted our students throughout this journey. Your support has made all the difference.

A special congratulations to the dedicated students who brought this project to life:

- Akshaya Selvachandran
- Baek Seunghyeon
- Khadijah Nur Iman Kamal-Bashar
- Lee Lim-Shern Ashton
- Lee Rui Sha Vanes
- Lee Yu Han
- Lee Zi Qin Annabelle
- Raja Maeisya Raja Mohamad Fouzy
- Wan Nur Alisya Liyana
- Wong Xi Cheng (Xi Cheng)

Your commitment, creativity, and teamwork have made us all proud. Thank you for being part of something special.

Warm regards,
The ILOS Filmmakers Team

You did it!

Straits International School Rawang | **iSP International Schools Partnership**

The graphic features three circular photo cutouts of students with trophies and certificates. The top left photo shows a girl in a blue and gold martial arts uniform holding a yellow certificate from the '2024 LFC' (Langkat Fencing Competition) in Selangor. The bottom center photo shows a boy in a soccer uniform holding a trophy on a field. The top right photo shows a girl in a white dress holding a trophy and a red certificate from the 'PMTC Malaysia Triumph Competition'. The background is light blue with confetti borders around the photos.

LEARNING & TEACHING VISION

iSP
International
Schools
Partnership

Differentiation & Personalisation

The use of learning design and resources that create opportunities for challenging activities with real world connections. Positively using student led learning and questioning.

Inclusivity

Celebrate diversity embracing multilingualism and technology to foster understanding, collaboration and equity, ensuring all voices are valued.

Wellbeing

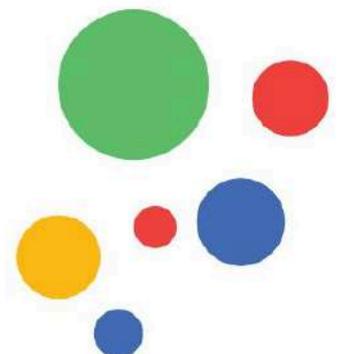

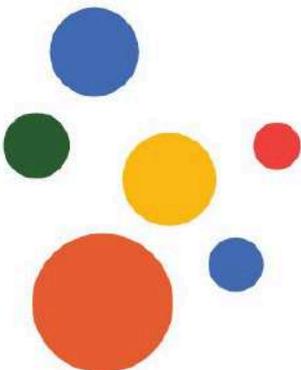

Putting students wellbeing at the forefront of learning. Ensuring all students are supported and valued. Allowing each individual to thrive socially and emotionally to reach their potential.

Learning Environment

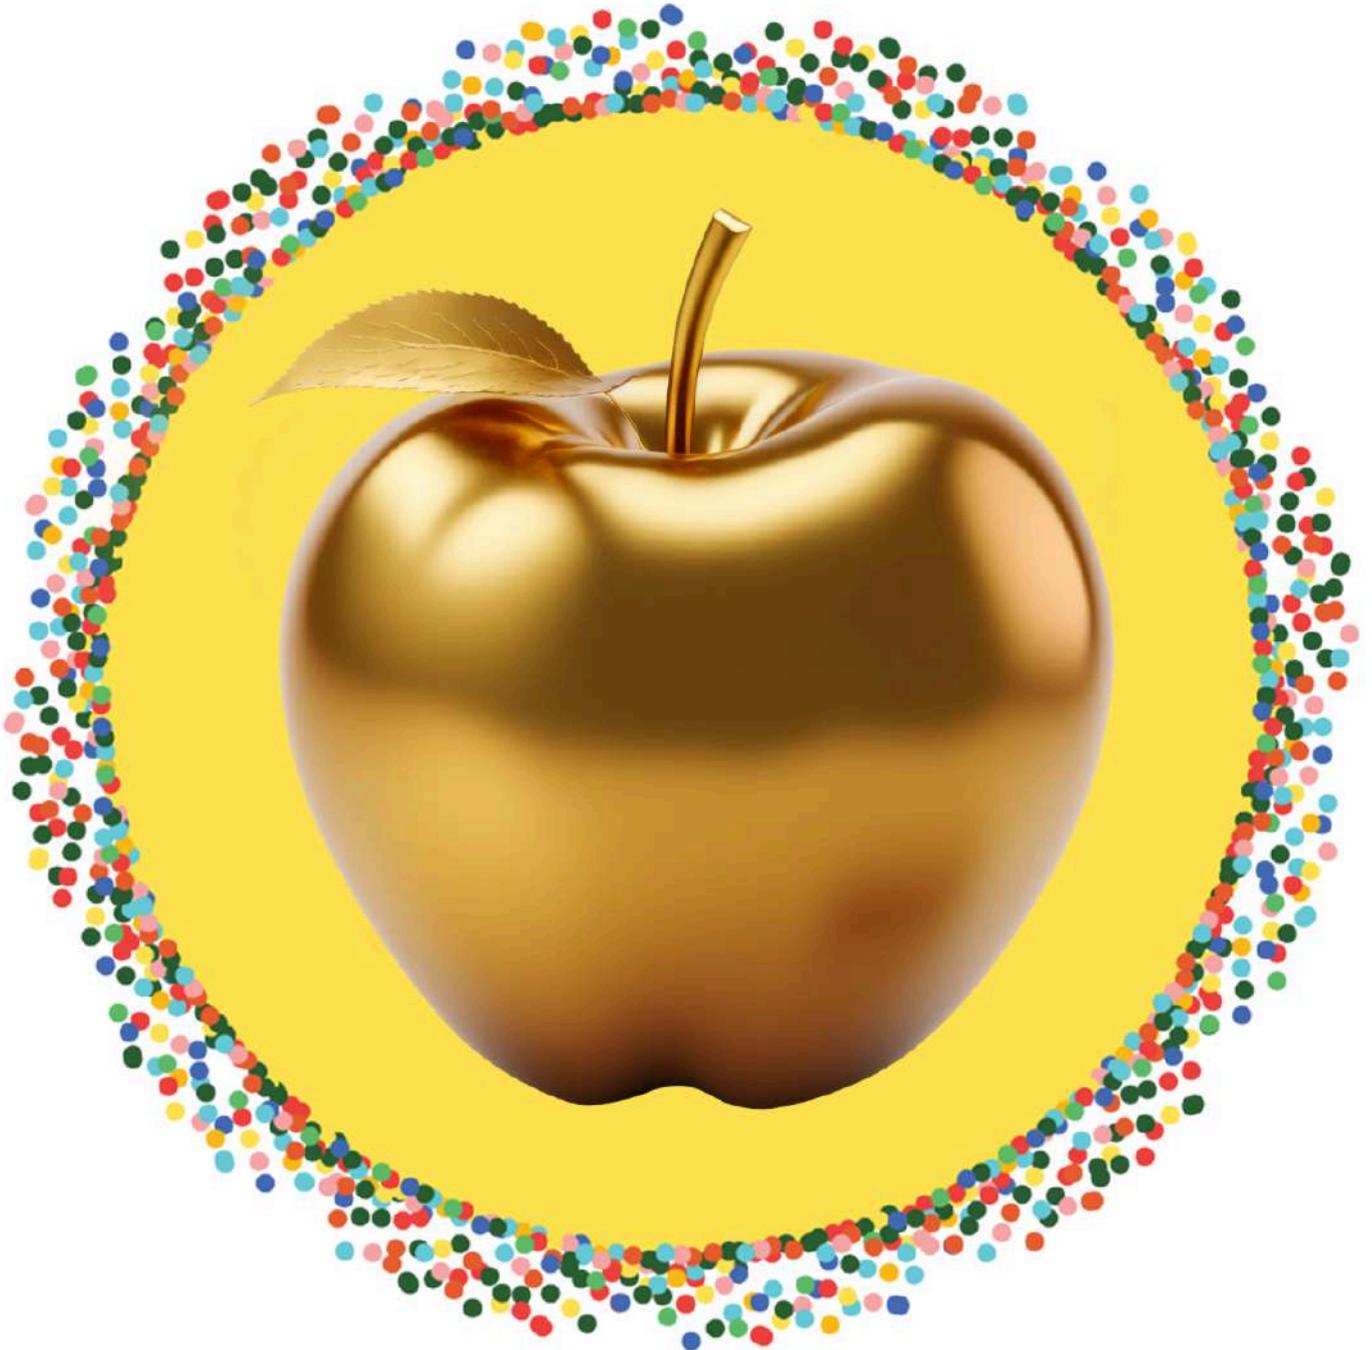

Clear objectives and goals including the integration of technology, routines and high expectations lead to high engagement and motivation.

Progress

Progress is driven by structured lessons, reflections of learning, MTP's, peer coaching, and headlines to track continuous development.

CELEBRATE YOUR TEACHERS:
SHARE WHAT MAKES THEM SHINE WITH
THE GOLDEN APPLE!

Small Steps for a sustainable future

Reduce Waste

Avoid single-use plastic products to reduce plastic waste. Other than that, we should use as less plastic products as less as we could.

Save Energy

Turn off electronic equipment when not in use, apply this actions to every where in our school, classroom and toilet, this small actions can help save up energy.

Join us

Join us to help us to make our environment a better and more sustainable place for us to live.

“Small acts, when multiplied by millions of people, can transform the world”

Are you on the Green team?

Whenever you walk into the class or the hallways, you see all these familiar green posters with the phrase, “Are you on the Green team?” What is this? Who put this here? What does this mean?

Well, for those who don’t know, the school and the ESG committee have created a survey with the QR code attached to the green poster across the whole school. The survey aims to collect how many of us as a member of the community are contributing to not only the principles of ESG, but to save the environment, even if it is the most minor action like turning off the light before leaving the classroom.

You can use your iPad or a mobile phone to scan the QR code, fill in the survey and post photos of you saving the environment!

If you scan the QR code and fill in the details, you may even be awarded with a ‘I’m On The Green Team’ badge, assuming that you can prove that you really are helping us to meet our sustainability goals.

Moreover, the ESG committee has also devised a plan, encouraging all students to participate in our gardening activity. Our school is the perfect place to decorate with plants and an innovative way to show how we could reuse waste. A box will be placed around the school and students must clean and dry their seeds from fruits etc. and put them into the box. Using these seeds, cans or plastic bottles collected from the canteen will be used as flower pots.

Together as a community, we can save the earth and the environment.

Don’t forget to fill in the survey.

Partnership

In partnership with

We are thrilled to announce a new range of international learning opportunities for ISP families, available this summer.

These programmes are delivered either by our trusted ISP schools or through our exclusive partnership with EC Young Learners—a globally recognised leader in educational summer programmes. With a heritage dating back to 1905 and over 45 years of experience running award-winning summer schools for under-18s, EC is the ideal partner to help ISP continue expanding meaningful global experiences for our students. **Discover four exciting opportunities launching in summer 2025—all designed with safeguarding, student wellbeing, personal development, and fun at their core.**

Claremont Summer School – Learn, Grow & Explore in the English Countryside

Hosted by one of our trusted ISP schools, **Claremont Summer School offers** a rich educational, cultural, and social experience in the heart of the English countryside. With a strong focus on **Active English learning**, life skills, and hands-on discovery, students can fully tailor their programme through afternoon electives like martial arts, filmmaking, music, street dance, fencing, and more.

It's a safe, supportive residential experience designed to build language, confidence, and global friendships with students from around the world.

Costs	£2,995 per two-week stay (15% discount available for ISP families; travel not included)

POWERED BY EC

Embassy Summer – Language, Life Skills & Global Friendships

Offered to ISP families through our exclusive partnership with EC Young Learners, the Embassy Summer programme goes far beyond English lessons—it's a full cultural and personal growth experience. These residential summer camps build communication skills, global confidence, and lifelong friendships through immersive language learning, personal development activities, and exciting excursions.

Students will also benefit from Embassy Life Skills sessions, where they build independence, collaboration and problem-solving skills in fun, supportive environments. Programmes take place in vibrant locations across the **UK, USA, Canada, Malta, Dubai, and South Africa.**

Key Info

Who

Ages 12 – 17 (ideal for students looking to build English skills and global confidence)

POWERED BY EC

Global Achievers Academy – Learn to Lead at Top Universities

Created for **aspiring young leaders** within our ISP community, the Global Achievers Academy is a standout opportunity for students aged 13–17 to explore their potential on the global stage. Offered in collaboration with EC Young Learners, this values-led residential programme places ISP students on the campuses of world-renowned universities—**HARVARD, TUFTS, and UCL**—to develop leadership skills, build global awareness, and connect with peers from around the world. The curriculum focuses on developing self-confidence, communication, and global citizenship through workshops aligned with **the United Nations' 17 Sustainable Development Goals.** It's an enriching, forward-thinking experience that helps students discover how they can make a positive impact in the world.

Key Info

Who

Ages 13 – 17 (aspiring student leaders and global citizens)

When

2 week programme from **29 June – 10 August**

What

Costs

London: £5,190 (2 weeks)

Boston: \$6,490 (2 weeks)
(travel not included)

Future Pathways Tour – Discover UK University Life

Starting next academic year, this unique programme has been curated especially for ISP students considering higher education in the UK. Delivered with our partners at EC Young Learners, the Future Pathways Tour blends real-world university campus visits with expert-led workshops on the UK university system, including how to apply, what admissions teams look for, and the skills needed to thrive at university. Students will be based at the prestigious **Wellington College**, one of the UK's most renowned boarding schools, with access to first-class facilities and an inspirational campus environment. Visits include top universities such as **UCL, Oxford, Cambridge, Sussex**, and others.

Key Info

Who	Ages 14 – 17 (ISP student groups considering UK higher education)
When	21 October – 31 October
What	Residential university prep programme at Wellington College , including workshops and visits to top UK universities
Costs	£1,180 (1 week) £1,685 (10 nights) (travel not included)
